MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL INFORMATION

The accompanying condensed consolidated interim financial statements and all other financial information included in this report are the responsibility of management. The condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board. Financial statements include certain amounts based on estimates and judgments. When alternative methods exist, management has chosen those it deems most appropriate in the circumstances to ensure that the condensed consolidated interim financial statements are presented fairly, in all material respects.

Management maintains appropriate systems of internal control, to give reasonable assurance that its assets are safeguarded, and the financial records are properly maintained.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Audit Committee, which is comprised of three Directors, all of whom are non-management and independent, meets with management to review the condensed consolidated interim financial statements to satisfy itself that management is properly discharging its responsibilities to the Directors, who approve the condensed consolidated interim financial statements.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial reporting standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

1. NATURE OF OPERATIONS

Victoria Gold Corp. ("Victoria" or "Company"), a British Columbia company, was incorporated in accordance with the *Business Corporations Act* (British Columbia) on September 21, 1981. The Company's common shares are listed on the Toronto Stock Exchange ("TSX-VGCX").

The Company is engaged in the operation, exploration, and acquisition of mineral properties. The Company's producing asset is the Eagle Gold Mine. The Company's registered office is located at 80 Richmond St. West, Suite 204, Toronto, Ontario, M5H 2A4, Canada.

2. BASIS OF PRESENTATION

These unaudited condensed consolidated interim financial statements for the three and nine months ended September 30, 2023 have been prepared in accordance with IAS 34, 'Interim financial reporting'. The condensed consolidated interim financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2022, which have been prepared in accordance with IFRS.

These condensed consolidated interim financial statements include the accounts of Victoria, its 33.03% interest in Lahontan Gold Corp. ("Lahontan") and the Company's 100% interest in Golden Predator Mining Corp. and Golden Predator Exploration Ltd. (together "Golden Predator").

On January 1, 2023, the Company amalgamated with its subsidiary Victoria Gold (Yukon) Corp., (a British Columbia corporation).

On September 14, 2023, the Company acquired a 100% interest in Golden Predator.

These condensed consolidated interim financial statements were approved by the Board of Directors for issue on November 9, 2023.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies followed in these condensed consolidated interim financial statements are the same as those applied in the Company's audited consolidated financial statements for the year ended December 31, 2022.

4. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of these condensed consolidated interim financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. The condensed consolidated interim financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the condensed consolidated interim financial statements and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised and the revision affects both current and future periods.

In preparing these condensed consolidated interim financial statements, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements for the year ended December 31, 2022, except as noted below:

(Unaudited)
(Tables expressed in thousands of Canadian Dollars, except share and per share amounts)

Acquisition accounting

The company accounted for the acquisition of Golden Predator as an asset acquisition. Significant judgement and estimates were required to determine whether the application of this accounting treatment was appropriate for the transaction. These included, amongst others, the determination that Golden Predator was not considered a business under IFRS 3 – Business Combinations as Golden Predator did not have significant inputs, processes, and output, that together constitute a business.

5. ACQUISITION OF GOLDEN PREDATOR

On September 14, 2023 (the "Closing"), the Company completed the acquisition of Golden Predator from Sabre Gold Mines Corp. (the "Acquisition"). Consideration for the Acquisition was comprised of:

i. $0.9 million in cash and an additional $7.0 million in cash or Victoria shares at Victoria's election (Victoria elected to pay cash), paid on closing;
ii. $0.5 million in cash and an additional $2.5 million in cash or Victoria Shares at Victoria's election, payable on the 12-month anniversary of the closing date; and
iii. $0.5 million in cash and an additional $1.5 million in cash or Victoria Shares at Victoria's election, payable on the 24-month anniversary of the closing date.

The acquisition was accounted for as an asset acquisition. The total consideration was allocated to the assets acquired based on their fair value with the balance of consideration less the identified assets recorded to exploration and evaluation assets:

Total Consideration	**$**	**12,714**
Allocation of net assets:		
Receivables		7
Deferred taxes		11,893
Exploration and evaluation assets		939
Accounts payable and accrued liabilities		(125)
Total assets and liabilities acquired	**$**	**12,714**
Total consideration in the acquisition was as follows:		
Cash Consideration		7,870
Final acquisition payment		4,620
Transaction costs		224
Total consideration	**$**	**12,714**

6. RECEIVABLES

Receivables includes the following components:

During the nine months ended September 30, 2023, the Company capitalized $16.7 million (September 30, 2022 – $17.5 million) of deferred stripping costs to mineral properties. The depletion expense related to deferred stripping for the nine months ended September 30, 2023 was $4.2 million (September 30, 2022 – $2.2 million). Included in the mineral properties balance at September 30, 2023 is $86.3 million (September 30, 2022 – $59.5 million) related to deferred stripping costs.

(Tables expressed in thousands of Canadian Dollars, except share and per share amounts)

The carrying value of equipment pledged as security for the related Equipment Financing Facility at September 30, 2023 was $39.7 million (December 31, 2022 – $43.7 million) (*Note 13*).

Mineral Properties includes construction in progress which gets transferred and allocated to buildings & structures, equipment, and other assets.

Certain of the Company's mining properties are subject to royalty arrangements based on their net smelter returns ("NSR"s). At September 30, 2023, the Company's royalty arrangements based on production were as follows:

Royalty arrangements:	
Franco-Nevada Corp.	1% Cash NSR – Settled via cash payment royalty expense after production
Osisko Gold Royalties Ltd.	5% Metal NSR – Settled via delivery of metal ounces after production

The royalty arrangements listed above have an impact on the Company's financial statement presentation of Revenue and Royalty expense. Revenue herein is based on 95% of the production from the Eagle Mine after the delivery of the 5% metal NSR attributable to Osisko Gold Royalties Ltd. As a result, this 5% NSR is not recorded in Revenue nor as a Royalty expense. The 1% cash NSR held by Franco-Nevada Corp. is included in Revenue as it does not impact ounces available for sale, and a Royalty expense recorded is associated with the cash payment.

15. ASSET RETIREMENT OBLIGATIONS

Reclamation and closure costs have been estimated based on the Company's interpretation of current regulatory requirements and measured with the most reliable information available. Management's estimate is determined based on the net present value of estimated future cash expenditures for reclamation and closure activities. Reclamation and closure costs are capitalized into exploration and evaluation assets or mineral properties depending on the nature of the asset related to the obligation and amortized over the life of the related asset. Future changes to those regulations and standards, as well as changes resulting from operations, may result in actual reclamation costs differing from the estimate.

The Company's asset retirement obligations arise from its obligations to undertake site reclamation and remediation in connection with the Dublin Gulch property. The Company prepared the Dublin Gulch reclamation obligation using prescribed third-party contractor rates with a 5% contingency. The estimated costs of reclamation are based on current regulatory requirements and the estimated reclamation costs at the reporting date use the following assumptions:

a) total undiscounted amount of inflation adjusted future reclamation costs at September 30, 2023 was determined to be $55.7 million for Dublin Gulch (December 31, 2022 - $49.4 million);
b) weighted average risk-free interest rate at 3.9% and a long-term inflation rate of 2.0%; and
c) expected timing of risk adjusted cash outflows required to settle the obligation will be incurred over the period through 2035 for Dublin Gulch.

The following is an analysis of the Company's asset retirement obligation:

	September 30, 2023	December 31, 2022

	1,096,495	856,500		

The fair value of each option is accounted for in the condensed consolidated interim statements of income and comprehensive income or capitalized to exploration and evaluation assets over the vesting period of the options, and the related credit is included in contributed surplus.

On January 27, 2023, the Company granted 330,000 incentive stock options with an exercise price of $10.44 per option to directors, officers and employees of the Company. The stock options have a term of five years and expire on January 27, 2028. The fair value of these options, totaling $1.5 million will be recognized (expensed and capitalized) over the vesting period of three years, of which $0.8 million ($0.7 million expensed and $0.1mil capitalized) has been recognized as at September 30, 2023. The fair value of these options was calculated based on a risk-free annual interest rate of 3.2%, an expected life of 5.0 years, an expected volatility of 53% and a dividend yield rate of nil. This results in an estimated fair value of $4.65 per option at the grant date using the Black-Scholes option-pricing model.

For purposes of the options granted, the fair value of each option was estimated on the date of grant using the Black-Scholes option pricing model, with the certain assumptions and a forfeiture rate of 8.0%.

As at September 30, 2023, the Company had restricted share units and deferred share units issued to directors, officers and employees of the Company outstanding as follows:

Restricted share units

During the nine month period ended September 30, 2023, the Company granted 231,300 restricted share units ("RSU"). The RSUs were granted to eligible employees and vest one-third per year over three years from date of grant. Each RSU entitles the recipient to a payment in shares upon vesting unless the recipient elects to be paid in cash. The payment in cash is based on the market value of common shares at the end of the vesting period.

Total share-based compensation expense related to RSUs for the nine month period ended September 30, 2023 was $0.8 million (September 30, 2022 - $0.3 million) and $0.1 million (September 30, 2022 - $8,346) was capitalized.

Deferred share units

During the nine month period ended September 30, 2023, the Company granted 78,000 deferred share units ("DSU") to directors of the Company. The DSUs do not vest until the end of service as a director of the Company. Each vested DSU entitles the recipient to a payment either in shares or in cash at the option of the Company. The fair value of the DSUs were estimated as of the date of issuance using the Black-Scholes option pricing model with the following assumptions: a risk-free annual interest rate of 3.9%, an expected life of 3 years, an expected volatility of 55% and a dividend yield rate of nil. Total share-based compensation expense related to DSUs for the nine month period ended September 30, 2023 was $0.7 million (September 30, 2022 - $0.3 million).

25. FINANCIAL RISK MANAGEMENT

(a) Fair value of financial assets and liabilities

The book values of the cash, restricted cash, accounts receivable, accounts payable and accrued liabilities, approximate their respective fair values.

The fair values together with the carrying amounts shown in the statements of financial position are as follows:

		September 30, 2023				**December 31, 2022**			
	Classification		**Carrying amount**		**Fair value**		**Carrying amount**		**Fair value**
Cash and cash equivalents	*Level 1*	**$**	**18,879**	**$**	**18,879**	$	20,572	$	20,572
Restricted cash	*Level 1*		**185**		**185**		185		185
Marketable securities	*Level 1*		**10,033**		**10,033**		12,805		12,805
Receivables	*Amortized Cost*		**7,918**		**7,918**		10,726		10,726
Accounts payable and accrued liabilities	*Amortized Cost*		**(56,945)**		**(56,945)**		(89,554)		(89,554)
Lease liability	*Amortized Cost*		**(3,668)**		**(3,668)**		(3,645)		(3,645)
Debt	*Amortized Cost*		**(250,792)**		**(250,792)**		(246,989)		(246,989)
Fair value of derivative instruments	*Level 2*		**4,697**		**4,697**		(11,202)		(11,202)

The fair value hierarchy has the following levels:

- Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices);
- Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

(Tables expressed in thousands of Canadian Dollars, except share and per share amounts)

(b) Estimation of fair values

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments reflected in the table:

Restricted cash / Securities in listed entities (financial assets at fair value through profit or loss)
Fair value is based on quoted market prices at the balance sheet date without any deduction for transaction costs.

Trade and other receivables / payables
For receivables / payables with a remaining life of less than one year, the notional amount is deemed to reflect the fair value.

Derivative instruments
The fair value of these derivatives is determined using a valuation model that incorporates such factors as metal prices, metal price volatility, common share prices, common share price volatility, risk-free interest rate and expiry date.

(c) Foreign currency risk

The Company has debt facilities in US dollars being utilized. The Company funds certain expenditures in US dollars. This gives rise to a risk that its US dollar expenditures and US dollar cash holdings and debt may be adversely impacted by fluctuations in foreign exchange.
