2023 CANADIAN INSTITUTE OF MINING, METALLURGY AND PETROLEUM (CIM) CONVENTION

From April 29 to May 3, members of the Victoria Gold team participated at the Canadian Institute of Mining, Metallurgy and Petroleum (CIM) Convention in Montreal. Victoria Gold representatives attend this technical mining conference each year, which allows Company members to meet with valued suppliers face-to-face, network, present highlights from the Eagle Gold Mine and attend technical sessions.

Andrew Ballance, Mine Operations Manager; Kelly Magnuson, Senior Administrative Coordinator; Nico Harvey, Senior Mine Engineer; Teagan Cartwright, Metallurgist; and, Aleisha Rocheleau, Mine Geologist, attended this year's event on behalf of the Company.

"The CIM Convention was informative and provided good exposure for Victoria Gold," says Teagan. "The EXPO (industry trade show) allowed us to get to know some of our current vendors after having mostly communicated by email to date. It also provided us with the opportunity to connect with new suppliers that could provide beneficial support to the Company down the road at the Eagle Gold Mine and to learn about new technologies coming up in the industry."

Andrew, who presented a technical talk on behalf of Victoria Gold says, "I enjoyed the conference and all the EXPO exhibits. Our Victoria Gold booth was well attended and I also learned about some new technologies and products to explore further."

"I was pleased to expand my knowledge by attending short talks on topics such as Diversity and Inclusion, Safety Leadership and Decarbonization Trends," says Aleisha. "In these structured presentations, we were free to learn and contribute to the discussions, with the common goal of 'building trust to decarbonize the world.'"

"I'm grateful to have attended on behalf of Victoria Gold and the Eagle Gold Mine," says Kelly. "I participated in a full-day Environment, Social and Governance (ESG) short course covering mining ESG trends, standards, investor decisions, materiality and reporting. I also attended the Women in Mining Canada reception which recognized a lot of inspiring women in the industry."

"Throughout the EXPO, I met with a wide range of our current vendors and renewed connections with potential vendors," says Nico. "I also attended a variety of technical talks and networking events and had a lot of great discussions surrounding Women in Mining."

(L-R) Teagan Cartwright, Victoria Gold Metallurgist; Kelly Magnuson, Victoria Gold Senior Administrative Coordinator; Sue Craig, Managing Director, Tintina Consultants and recipient of the 2017 Women in Mining Canada Trailblazer Award; and, Aleisha Rocheleau, Victoria Gold Mine Geologist, at the 2023 CIM Convention Women in Mining Canada reception; part of the 2023 CIM Convention in Montreal.

VICTORIA GOLD IS PROUD TO HAVE YUKONERS AT WORK

IF YOU ARE A YUKONER WITH MINING EXPERIENCE,
WE ENCOURAGE YOU TO CONNECT WITH US.

Victoria is currently hiring tradespeople, equipment operators, process/crusher operators and other positions to work at the Eagle Gold Mine. Visit the "Work For Us" page on our website at vgcx.com/contact/work-for-us/ and send your resume to greatpeoplework@vgcx.com.

ABOUT VICTORIA GOLD & THE EAGLE GOLD MINE

The Eagle Gold Mine is situated within Victoria Gold's 100 per cent-owned Dublin Gulch Property located approximately 375 kilometres north of Whitehorse and 85 kilometres north, northeast of the Village of Mayo within the traditional territory of the First Nation of Na-Cho Nyak Dun. The property is accessible by road year-round and is connected to Yukon Energy Corp's electrical grid. The mine is a significant contributor to the Yukon economy employing 350-400 people.
